Maharashtra University of Health Sciences, Nashik Inspection Committee Report for Academic Year 2023 - 2024

Clinical Material in Hospital

Faculty Allied Physiotherapy
Name of College/Institute - Late Bhaiyysaheb, Ghorpade Institute of Physiotherapy, Malwadi Masur

Adequate There must be a parent Hospital with minimum 300 beds Indoor & Outdoor Facility with Physiotherapy exposure in the broad specialty areas including intensive care to provide practical experience to the student. The student to patient ratio should be minimum 1:5, the first part being student & Second part patient. The student to patient ratio should be minimum 1:5, the first part being student & Second part patient. The desirable breakup of beds shall be as follows: Student Patient Ratio (as per M.S.R.), it must be 1:5): Adequate Specialty For 30 & 60 Intake Adequate Adequate General Medicine 60 90 Adequate Adequate Orthopedics 60 90 Adequate Adequate Orthopedics 60 90 Adequate Adequate Medical ICU 10 15 Adequate Adequate Medical ICU 10 15 Adequate Adequate Surgical ICU 10 15 Adequate Burns Unit / ICU 10 05 Adequate Burns Unit / ICU 10 05 Adequate Burns Unit / ICU 10 05 Adequate Adequate Medical Emergency 10 10 Adequate Average Bed Occupancy in %: 75 to 80 % Adequate Average Number of patients attending OPD? a. Number of Iotal patients registered on daily average: c. Number of Old patient registered on daily average: d. Average Number of patients attending OPD? (current year): e. Whether records of patient registered on daily average: d. Average Number of patients attending OPD (current year): e. Whether records of patient registered on daily average: d. Average Number of patients attending OPD (current year): e. Whether records of patient registered on daily average: d. Average Number of patients attending OPD (current year): e. Whether records of patient registered on daily average: d. Average Number of patients attending OPD (current year): e. Whether records of patient registration are well maintained: g. Indoor Physiotherapy Department Areas as per Clinical Load and Intake: (as perM.S.R.) Clinical Load, Total Strength of Hospital Beds, Out	Sr.	Particulars to be verified				
b. The student to patient ratio should be minimum 1:5, the first part being student & second part patient. C. The desirable breakup of beds shall be as follows: Student Patient Ratio (as per M.S.R., it must be 1:5): Adequate Specialty For 30 & 60 Intake For 100 Intake Adequate General Medicine 60 90 Adequate Orthopedics 60 90 Adequate Obst & Gynac 30 60 Adequate Dost & Gynac 30 60 Adequate Medical ICU 10 15 Adequate Surgical ICU 10 15 Adequate PICU + NICU 10 15 Adequate ICCU + RICU 10 10 Adequate Burns Unit / ICU 10 055 Adequate Company in %: 75 to 80 % Mether separate Registration room is available at OPD? a. Number of total patients registered in last Year: b. Number of New Patients registered on daily average: c. Number of New Patients registered on daily average: d. Average Number of patients registered on daily average: d. Average Number of patients registered on daily average: d. Average Number of patients attending OPD (current year): e. Whether records of patient registered on daily average: d. Average Number of patients attending OPD (current year): e. Whether records of patient registered on daily average: d. Average Number of patients attending OPD (current year): e. Whether records of patient registered on daily average: d. Average Number of patients attending OPD (current year): e. Whether records of patient registered on daily average: d. Average Number of patients patients attending OPD (current year): e. Whether records of patient registered on daily average: d. Average Number of patients attending OPD (current year): e. Whether records of patient registered on daily average: d. Average Number of patients attending OPD (current year): e. Whether records of patient registered on daily average: d. Average Number of patients attending OPD (current year): e. Whether records of patient registered on daily average: d. Average Number		Facility with Physiotherapy exposure in the broad specialty areas including Intensive care to
